**B&B Manufacturing**, Division of Burlingame, Inc., in business since January 1985 producing shrink wrap packaging systems for the firewood/wastewood industry; has geared its machinery to meet the needs of various producers.

Firewood dealers can now compete with larger producers achieving greater profits than they are now making! Those with waste wood product can now turn what they currently give away; throw away or sell at ridiculously low prices into handsome profits! On the previous page, you saw just a sample of the variety of packages which can be achieved from any one of our machines!

Easy to operate, low maintenance, easily affordable, our machinery has its own, in-house stocked line of accessories.

Simply tear a sheet of shrink wrap film from the perforated roll (perforated at intervals to accommodate your product and rack size), place into rack adding advertising piece if desired, stack your wood product, overlap ends of the film, attach handle if desired and/or firestarter stick, set your controls, engage the conveyor system, passing the bundles through the oven and there you have it. Picture perfect packages with/without attached handles and firestarter stick!

**EASY AND SIMPLE!**

Compare below what you might presently be making from your firewood and what you could be making from Pak-aged Firewood!

## Income from Firewood... Regular Versus Packaged Judge for yourself!

*(figures based on 4' x 4' x 8' full cord)*

Regular Firewood	Cords Sold Per year		
	100	500	1,000
Selling @ \$105.00 per cord	\$10,500.00	\$52,000.00	\$105,000.00
Selling @ \$135.00 per cord	\$13,500.00	\$67,500.00	\$135,000.00
Selling @ \$165.00 per cord	\$16,500.00	\$82,500.00	\$165,000.00
Packaged *Firewood			
170 Packages @ \$2.00 each = \$340.00 per cord	\$34,000.00	\$170,000.00	\$340,000.00
170 Packages @ \$2.25 each = \$382.50 per cord	\$38,250.00	\$191,250.00	\$382,500.00
170 Packages @ \$2.50 each = \$425.00 per cord	\$42,000.00	\$212,500.00	\$425,000.00

\*Each package is .75 cubic foot

### A packaged wood business offers:

- more profits per cord
- much less wood handling to earn the same money
- year round sales
- much smaller investment
- the opportunity to write your own unlimited paycheck

### Your income potential is not limited by any means! The following seven most popular income plans:

1. Sell packaged wood to local retail outlets
2. Sell to campgrounds
3. On-site packaging at your customer's location
4. Machine rental to others
5. Sell to mass merchandisers
6. Sell for home heating use

### Contact the markets below for their comments and acceptance -

**Condominiums, apartments, town houses ...**

**Ski lodges, camp sites, resorts ...**

**Cook-out areas, beach parties, gas stations ...**

**Fireplace users ...**

**Buyers for grocery/convenience chains ...**

**Christmas tree wholesale lots ...**

**and many more markets!**
